

DISCLOSURE REGARDING PROGRAM PREPARATION FOR PROFESSIONAL LICENSURE OR CERTIFICATION

COLLEGE	College of Health Professions and Sciences
PROGRAM	Social Work, MSW
TRACK	Campus-Based Tracks

The University of Central Florida is committed to providing clear and accurate information to current and prospective students to help inform career planning. The UCF program identified above prepares students for state-regulated professional licensure or certification. However, specific licensure and certification requirements may vary by state or territory. Requirements typically include earning a degree or other educational credential from an institution and program that meet certain requirements in that state (e.g., specific coursework, accredited status); passing a state or national exam; and/or working in the field for a period of time or completing a certain number of clinical hours. If your career plans include pursuing professional licensure or certification, it is important to become educated on the credentialing requirements of the state in which you intend to practice.

Effective July 1, 2024, federal regulation requires the university to meet all educational requirements for state-regulated licensure or certification in every US state and territory where its eligible programs are offered. This disclosure is intended to provide you with information regarding the educational preparation you will receive in your chosen program of studyⁱ.

UCF Program Preparation in the State of Florida

The Social Work (MSW) Campus-Based Tracks are designed for in-person course delivery. Although some limited online options may be available, students must take a preponderance of their coursework in-person within the State of Florida.

This program meets the educational requirements for licensure as a Licensed Clinical Social Worker (LCSW) in the State of Florida. For information on all requirements for this credentialⁱⁱ, please review the Florida Board of Clinical Social Work, Marriage & Family Therapy and Mental Health Counseling requirements available here: <https://floridasmentalhealthprofessions.gov/licensing/>.

UCF Program Preparation in Other US States and Territoriesⁱⁱⁱ

As a participant in the State Authorization Reciprocity Agreements (SARA), UCF is authorized to offer educational programs in all states (except California), the District of Columbia, Puerto Rico, and the US Virgin Islands. The State of California is not currently a member of SARA, but UCF is separately authorized to offer educational programming there as well. However, other enrollment restrictions may apply under separate federal regulation as described below.

At this time, the Social Work (MSW) Campus-Based Tracks meet the educational requirements for licensure in select states outside the State of Florida. Please see the table provided below (page 3) for

more details on the type of license you are eligible to apply for in each state by earning this UCF degree. Requirements beyond the degree may also apply.

Accordingly, if you are interested in seeking licensure outside the State of Florida, we encourage you to review the appropriate state licensing board information to determine all requirements needed to obtain your credential of interest. State licensing board contact information for this field can be found here: <https://apq.ucf.edu/document/statelicensingboards-socialwork>. We also suggest you review the ASWB Social Work Regulation website here: <https://www.aswb.org/licensees/about-licensing-and-regulation/social-work-regulation/>.

You are welcome to reach out to the UCF program contact identified below with questions in this regard, and we will do our best to assist you in your career planning.

Enrollment Eligibility Restrictions^{iv}

To comply with federal enrollment restrictions, UCF may only enroll students physically located in the states and territories where it meets all educational requirements for the credential it prepares students to achieve. Accordingly, we are generally unable to enroll students physically located in other states and territories during their first term of enrollment in the program. However, students may be eligible to enroll upon submission of a signed attestation of their intention to pursue licensure in a state or territory where UCF does meet educational eligibility requirements. Please reach out to the program contact listed below for additional guidance in this regard.

Programmatic Accreditation^v

This program is accredited by the Council on Social Work Education (CSWE). Programmatic accreditation is typically required for state-regulated licensure in this field. Recognition by CSWE is specific to the program and is distinct from [UCF's institutional accreditation](#) that is required for other purposes, including UCF's authorization to award federal financial aid to students.

UCF Program Preparation Outside the United States

This disclosure does not address program eligibility in countries outside the United States. We are unable to determine whether or not the Social Work (MSW) Campus-Based Tracks meet the educational requirements for graduates to be eligible to apply for licensure outside the United States. It is important to become educated on the credentialing requirements in the location in which you intend to practice.

*Although the MSW Online Tracks meet educational requirements for licensure in Colorado, students are unable to complete UCF's required internship within Colorado state borders and thus, UCF is unable to enroll students located there. Specifically, Colorado state law requires universities to pay for worker's compensation insurance coverage while students complete an internship within Colorado's state borders and UCF is unable to comply this state requirement given associated costs.

**Please refer to the enrollment restrictions above, which only apply to individuals located in this state.

ⁱ As required by UCF's participation in the State Authorization Reciprocity Agreements (SARA) and the regulations set forth in 34 CFR 668.43(a)(5)(v) and 34 CFR 668.43(c)(1)

ⁱⁱ As required by 38 CFR 21.4259(e)

ⁱⁱⁱ Following 34 CFR 600.2, a state is defined as a State of the Union, American Samoa, the Commonwealth of Puerto Rico, the District of Columbia, Guam, the Virgin Islands, the Commonwealth of the Northern Mariana Islands, the Republic of the Marshall Islands, the Federated States of Micronesia, and the Republic of Palau.

^{iv} To comply with 34 CFR 668.14(b)(32)

^v To comply with 34 CFR 668.14(b)(32)
