

Academic Program Review (APR) Trend Data Report Contents Key

Note that each trend data pdf report contains bookmarks that align with the following structure but you may need to adjust your browser settings to display them.

College Data

- student credit hours by department – undergraduate
- student credit hours by department – graduate
- numbers and FTE faculty, post-doctoral associates, and GTAs/GRAs/GAs
- contract and grant awards by department
- contract and grant expenditures by department

Department Data

- total student credit hours by course level
- total number of course sections by size
- total number of student credit hours by location and modality
- numbers and FTE faculty, post-doctoral associates, and GTAs/GRAs/GAs
- contract and grant awards and expenditures

Undergraduate-level Program Data

- headcount in major by plan and subplan
- degrees granted by plan and subplan
- honors-in-the-major awarded
- minors and undergraduate certificates awarded
- time-to-degree
- headcount by bio-demo characteristics
- average SAT and ACT composite scores
- average high school GPA

Master's-level Program Data

- headcount in major by plan and subplan
- degrees granted by plan and subplan
- graduate certificates awarded
- time-to-degree
- headcount by bio-demo characteristics
- applicant counts, entrance exam scores, and GPA
- average entrance exam composite scores
- average undergraduate GPA

Doctoral-level Program Data

- headcount in major by plan and subplan
- degrees granted by plan and subplan
- time-to-degree
- headcount by bio-demo characteristics
- application statistics
- average entrance exam composite scores
- average undergraduate GPA

Supplemental Trend Data

- percent of DFW grades across the academic year
- participation in high impact practices (clinical, internship, co-op, practicum courses; UG research)
- research-based graduate degrees awarded across the academic year
- department degrees awarded to minority and non-minority students
- department degrees awarded by area of strategic emphasis
- department faculty by bio-demo characteristics, rank, and tenure status

Trend Data Appendix – separate file

- undergraduate pell recipients by CIP code
- top ten majors of students taking courses offered by the unit
- percent of course DFW grades across the academic year
- participation in high impact practices (clinical, internship, co-op, practicum courses; UG research)
- four and six-year graduation rates by CIP for FTIC
- research-based graduate degrees awarded across the academic year
- department degrees awarded to minority and non-minority students
- department degrees awarded by area of strategic emphasis
- department faculty by bio-demo characteristics, rank, and tenure status
