

DISCLOSURE REGARDING PROGRAM PREPARATION FOR PROFESSIONAL LICENSURE OR CERTIFICATION

COLLEGE	College of Sciences
PROGRAM	Psychology, PhD
TRACK	Clinical

The University of Central Florida is committed to providing clear and accurate information to current and prospective students to help inform career planning. The UCF program identified above prepares students to practice in a field with professional licensure or certification available. However, specific licensure and certification requirements can and often do vary by state¹. Requirements typically include earning a degree or other educational credential in the field from an institution and program that meet certain eligibility requirements in that state (e.g., curricular requirements, accredited status, approval by the state licensing board); passing a state or national exam; working in the field for a minimum period of time; and/or completing a certain number of clinical hours. If your career plans include pursuing professional licensure or certification in your chosen field, it is important to become educated on the credentialing requirements of the state in which you hope to practice.

UCF Program Preparation in the State of Florida

The above-named UCF program meets the educational requirements for licensure as a psychologist in the state of Florida. However, a total of 4000 hours of additional supervised experience are required before licensure in Florida. The Florida Board of Psychology accepts the doctoral level psychology internship in satisfaction of the first 2000 hours of the required experience, but the remaining 2000 hours of supervised experience must be obtained after the doctorate has been awarded.

We advise you to review additional Florida Board of Psychology licensure requirements available here: <https://floridapsychology.gov/licensing>

UCF Program Preparation in Other U.S. States

As a member of the National Council for State Authorization Reciprocity Agreements (NC-SARA), UCF is authorized to offer educational programs in all states (except California), the District of Columbia, Puerto Rico, and the U.S. Virgin Islands. The state of California is not currently a member of NC-SARA, but UCF is authorized to offer educational programming there as well.

¹ Following 34 CFR 600.2, a state is defined as a State of the Union, American Samoa, the Commonwealth of Puerto Rico, the District of Columbia, Guam, the Virgin Islands, the Commonwealth of the Northern Mariana Islands, the Republic of the Marshall Islands, the Federated States of Micronesia, and the Republic of Palau.

We are currently unable to determine whether or not the above-named program meets the educational requirements for graduates to be eligible to apply for licensure or certification in any additional states.

If you have an interest in pursuing licensure or certification outside the state of Florida, we advise you to determine whether or not this program meets the educational requirements for graduates to be eligible to apply in that location. State licensing board contact information for this field can be found here: <https://publish.smartsheet.com/9399c0bec7d74be3aa89849cfc4d6fc4>. You are also welcome to reach out to the UCF program contact identified below with questions in this regard, and we will do our best to assist you in your career planning.

Additional Information

The doctoral program in Clinical Psychology (PhD) is accredited nationally by the American Psychological Association and meets the educational criteria of that organization.

UCF Program Preparation Outside the United States

This disclosure does not address program eligibility in countries outside the United States. We are unable to determine whether or not the above-named degree program meets the educational requirements for graduates to be eligible to apply for licensure or certification outside the United States. Again, it is important to become educated on the credentialing requirements in the location in which you hope to practice.

Program Contact Information

Jeffrey Bedwell, PhD
Professor / Director of the Clinical Psychology PhD Program
jbedwell@ucf.edu

This communication addresses disclosures to prospective and current students as required by UCF's membership in the National Council's State Authorization Reciprocity Agreement and those set forth in 34 CFR 668.43(a)(5)(v) and 34 CFR 668.72(c)(2).
